

**Billing and Reimbursement Policy Name: Evaluation and Management Codes-
Multiple on the Same Date of Service**

Key coding and reimbursement points include:

- Payment is only allowed for one Evaluation and Management code per practice, per specialty type, per date of service.
- A discharge from the hospital (99238 or 99239) can be billed and paid on the same day as a nursing facility admission code when they are billed by the same provider as long as the provider was not the surgical attending.
- Place of service 11, 22, 50, or 32 can be billed.
- If a preventative exam and E & M code are billed on the same day, notes are required to review for potential separate payment.
- Supportive multiple diagnoses are required.
- Modifier 25 may be used to indicate a separately identifiable service.
- Notes may be requested.
- This policy applies to place of service 11, 12,22, 32 and 50.
