All MDS forms must be signed by an R.N., dated, and totaled for each section. Neighborhood’s Medical Management Department will be responsible for the monitoring and oversight of this enhanced service.

Claims submitted for members meeting the acuity standard should be billed at the correct amount with the modifier "U9".

Note: Some claims may have two modifiers if the client meets the high acuity determination and the service is provided evenings, nights, weekends or holidays.

Necessary Forms: The MDS Home Care form only applies to Integrity members.

Monitoring Method: Neighborhood’s UM staff will enter the necessary member information from the MDS forms into the electronic member record system for those members meeting high acuity criteria. This will allow the enhanced payment to be paid only on the appropriate claims. Medical Management staff will review and monitor the MDS data and member assessments, as necessary.
