

Action Required: Mandatory Fall 2025 Provider Training

October 1, 2025

Neighborhood Health Plan of Rhode Island (Neighborhood) is offering a live provider training webinar series this fall. This training is new for Fall 2025 and introduces our new products: **Neighborhood INTEGRITY for Duals (HMO D-SNP)** and **Neighborhood Dual CONNECT (HMO D-SNP)**.

Important Information

- Completion of this training is **mandatory** for contracted providers, even if your organization has already attested this year for our previous training.
- An authorized representative from each provider organization must complete the training and formally attest to having done so.
- By attesting, the representative agrees to review Neighborhood's training and educate all providers in their organization who provide direct member care.
- Only one authorized representative per provider organization is required to attest.
- Please note: Neighborhood may request a list of practitioners who received the training, so your organization should retain documentation of attendees on file.

Training Dates & Registration

- [October 15, 2025](#)
- [November 13, 2025](#)
- [December 16, 2025](#)

Click the date that best meets your schedule above to complete registration.

The training will also be available online later this month, so you may complete it at your convenience, rather than attend a webinar.

Please contact Provider Relations at providercomms@nhpri.org for any questions about this training requirement.
