

LTSS Application Assistance Referral Form Available

November 26, 2025

Neighborhood Health Plan of Rhode Island (Neighborhood) has made a [Long Term Services and Supports \(LTSS\) Application Assistance Referral Form](#) available to help connect eligible members who do not currently have LTSS with support to complete the State's LTSS application process. This tool is intended to streamline member access to LTSS services.

LTSS is a Medicaid or INTEGRITY for Duals benefit available to members with chronic illnesses or disabilities who need a certain level of care and meet the eligibility criteria. The type of services a member receives depends on the level of care needs.

Please submit the LTSS Application Assistance Referral Form when a Neighborhood member may benefit from LTSS but does not yet have LTSS in place. Upon receipt, Neighborhood Care Management will contact the member or caregiver to discuss options and assist with the State application.

Thank you for your continued partnership in supporting Neighborhood members.

Note: This notice was sent via email on November 26, 2025 to all LTSS providers registered for Neighborhood's News and Updates. If you would like to be added to the distribution list, please [click here](#) to sign up.
