

## **New LTSS Provider Resource Page Available**

**January 21, 2026**

Neighborhood Health Plan of Rhode Island (Neighborhood) has launched a new [Long-Term Services and Supports \(LTSS\) Provider Resource Page](#) to support providers working with members who may need LTSS-related services and assistance.

This [new webpage](#) serves as a centralized location for LTSS-related information and resources, designed to make it easier for providers to understand available services and navigate LTSS-related processes.

### **What's Included on the LTSS Provider Resource Page**

The LTSS Provider Resource Page includes information and tools related to:

- LTSS programs and member eligibility
- Neighborhood's care management role in supporting members through the LTSS waiver process
- Provider forms and resources related to LTSS
- Training materials and reference documents to support LTSS workflows

Neighborhood encourages providers [to bookmark this page](#) and refer to it regularly, as content will continue to be updated to reflect current processes and additional resources.
