
Year-Round Special Enrollment Period Begins for Neighborhood INTEGRITY for Duals

Neighborhood News – January 2026

In 2026, Neighborhood will be the only carrier in Rhode Island to offer a **Fully Integrated Special Needs Plan (FIDE-SNP)**. This means eligible individuals can enroll in Neighborhood INTEGRITY for Duals at any time during the year through the integrated care special enrollment period (SEP). This SEP applies exclusively to FIDE-SNP plan through a Medicaid managed care organization (MCO).

What sets FIDE-SNP plans like INTEGRITY for Duals apart from Coordinated-Only D-SNP plans is the **full integration of care**. Members receive Medicare, Part D, and Medicaid benefits all through one plan, making their care more seamless and easier to manage.

Each member is assigned a Neighborhood Care Manager who helps coordinate care, explains available benefits and services, and provides ongoing support. This is especially helpful for members who rely on caregivers to coordinate their care. Not only does it simplify access to services for the member, but it also reduces paperwork for caregivers allowing them to spend more time with their loved one.

If your patient is eligible for full Medicaid and Medicare parts A and B, they can enroll in Neighborhood INTEGRITY for Duals at any time using the integrated care SEP.

Neighborhood's Sales team is ready to answer any questions about Neighborhood INTEGRITY for Duals, eligibility, and SEPs your patients may qualify for. Potential members can call 1-866-696-4774 to speak with a member of our Sales Team today.
