

Important Update Regarding 2025 1099 Tax Forms

February 11, 2026

An error was identified in the 2025 1099 tax form files recently issued by Neighborhood Health Plan of Rhode Island (Neighborhood), resulting in duplicated payment amounts on 1099 forms.

The issue affects all providers who have already been issued a 1099 for the 2025 tax year. The error is actively being corrected and amended 1099s are being prepared.

The corrected forms are expected to be mailed no later than **February 13, 2026**.

What providers should know:

- The original 1099 forms contained incorrect, duplicated amounts.
- Providers should disregard the original 1099 and expect to receive an amended, corrected form by mail.
- Neighborhood uses a third-party process to generate and mail 1099 forms and does not have access to digital copies of amended forms.

If an amended 1099 form has not been received by February 27, 2026, providers should contact Neighborhood's Manager of Accounting Operations, Rosie DeOliveira, directly at rdeoliveira@nhpri.org for assistance.

We apologize for any inconvenience this error may have caused.

Thank you for your patience as this issue is resolved.
