We understand that having access to price information for your medical benefits is very important to you when using your health insurance. Please call Neighborhood Member Services at **1-855-321-9244** to receive price information on certain services.

# How your health plan works

We know health insurance can be confusing. Neighborhood is here to help! This document explains the way you get health care services and how those services are paid for.

## Primary Care Provider and Network

Neighborhood's health plan is a **Health Maintenance Organization (HMO)**. This means you receive care from your **primary care provider (PCP)** and a network of specialists, hospitals and pharmacies.

- You and each member of your family will choose a PCP to oversee your care.
- Your PCP will help refer you to other doctors and medical providers.
- Neighborhood will work with your PCP to ensure you receive the best and most appropriate care.
- You will receive care from doctors and other providers who are in our network.

You can find a list of primary care and other network providers online at [www.nhpri.org](http://www.nhpri.org) or by calling Neighborhood Member Services at 1-855-321-9244.

## Cost-sharing

When you see a doctor or other health care provider, your health plan will pay part of the cost and you pay a portion. Some services are covered with no **out-of-pocket** charge to you. Other services may require a **co-payment**, meeting a **deductible** or paying **co-insurance**. Each benefit year, there is a limit on how much you pay for services out-of-pocket.

For some **preventive services and screenings** there are no out-of-pocket charges at the time of service. You can view cost-sharing information for your plan on our member portal. Use the member portal to track your deductible and out-of-pocket max amount throughout the year.

***Example:** You will not have to pay anything when you see your PCP for your annual check-up or to receive a flu shot.*

For some services, you will pay a **co-payment**.

- A **co-payment** is a fixed amount you and members of your family pay for a specific service. The co-payment is due at the time of service or your provider may send you a bill.
- The co-payment amount is the same every time you visit that provider. Services that have a co-payment are not subject to meeting the deductible.

Having Neighborhood PRIME enables a small organization like College Visions to offer a platinum rated plan to our staff members at a considerable savings for our organization.

Joshua Greenberg  
Deputy Director, College Visions

# How your health plan works (cont'd)

For other services, you will have to meet your **deductible** and then pay **co-insurance**.

- A **deductible** is the amount you are required to pay in a benefit year for certain services before your health plan starts paying for them.
- **Co-insurance** is a percentage of the costs of a health care service.
- Once an individual meets their deductible, they will only be responsible for co-insurance for these services for the remainder of the benefit year.
- Once the members of your family have reached the family deductible, all members will only be responsible for co-insurance for these services for the remainder of the benefit year (even if a member has not met their individual deductible).

You also have individual and family **out-of-pocket (OOP) maximums**.

- An **OOP maximum** is the most you or another member of your family can be charged for deductibles, co-payments and co-insurance in a benefit year.
- Once an individual meets their individual OOP maximum, they will not have to pay anything more for covered services for the remainder of the benefit year.
- Once the members of your family have reached the family OOP maximum, all members will no longer be responsible for deductibles, co-payments or co-insurance for covered services for the remainder of the benefit year (even if a member has not met their individual OOP maximum).

## Referrals and Out-of-Network Coverage

Please ask your PCP about the referral process whenever you need **specialty care**. If your PCP decides you need to see a doctor who is outside our network or out-of-network services that require preauthorization, he or she must obtain preauthorization from Neighborhood in order for the visit to be covered by us.. If your PCP decides you need to see a doctor who is outside our network, he or she must obtain **preauthorization** from Neighborhood in order for the visit to be covered by us.\*

Neighborhood has a special team of nurses and clinical staff. This team reviews requests for hospital admissions and other treatments. The process is called utilization management. Neighborhood's utilization management decisions are based on what is right for our members and what is covered. We want to make sure you receive the best health care possible.

*\*Neighborhood does not reward anyone who makes utilization management decisions with money or other incentives for denying or limiting services to members. Neighborhood does not give financial rewards for utilization management decisions that result in fewer services or less care.*

## Emergency Care

### What if You Have a Medical Emergency?

- Get help as quickly as possible
- **Call 911** for help or go to the nearest **emergency room** or hospital. Call for an ambulance if you need it
- You do not need to get approval or a referral first from your PCP
- The hospital does not need to be part of Neighborhood's network

Neighborhood covers all medical emergencies. An emergency is a situation that is life threatening, involves severe pain, or can cause serious harm to your body or health if you do not receive treatment right away. Emergencies include heart attacks, strokes and major injuries.

### Nurse Advice Line

Our Nurse Advice Line is available to all members. The nurses can help you decide the best place to go for care, like your doctor, urgent care or emergency room. Caring nurses are available **24 hours a day, 7 days a week**. Call the Neighborhood Nurse Advice Line toll-free at **1-844-617-0563 (TTY 711)**.

The Nurse Advice Line is not an emergency service. **Call 911** if you think you are having an emergency.

# How your health plan works (cont'd)

## Prescription Drugs

Your benefits include prescription drug coverage. A **formulary** is a list of drugs covered by your health plan. This list tells you what medications we will pay for when ordered by your provider. Neighborhood has a pharmacy portal where members can:

- View claims information based on your pharmacy benefit
- Find the location of an in-network pharmacy
- View common drug information such as interactions, side effects and substitutes

View the formulary and sign in to the portal by visiting [www.nhpri.org](http://www.nhpri.org).
