

PCP/Pediatric Provider Questionnaire on Behavioral Health Treatment and Referrals

Neighborhood News - October 2022

Are you a primary care provider experiencing challenges of assisting members with behavioral health disorders?

Neighborhood and Optum, our behavioral healthcare delegate, are providing feedback about the identification, treatment, and referral of patients with behavioral health disorders who are being identified in the primary care setting.

PCP/Pediatric Provider Survey

- Click on the link [here](#) to open the questionnaire related to some of the challenges you might face when assisting patients with behavioral health disorders.

This questionnaire takes approximately 10 minutes to complete. Once you are finished, just click submit. Our goal is to better understand how we might support you and your patients.

Thank you for your continued partnership and dedication to providing quality healthcare to our members.
