Neighborhood INTEGRITY OTC Coverage

The most common OTC drugs at no cost![1]

In addition to prescription medications, your provider may tell you to take medicine that you can buy at the pharmacy – also known as over-the-counter (OTC) drugs. OTC drugs can help you to feel better and stay healthy. As a Neighborhood INTEGRITY (Medicare-Medicaid Plan) member, you can get more than 300 common OTC drugs as part of your plan benefits.

Even though these medicines are available over-the-counter, in order to get them at no cost your provider will need to write a prescription.

Get your OTC medications at no cost by:

1. Calling or visiting your provider and talking about your OTC drugs needs.
2. Asking your provider for a prescription, with refills if needed, for each of the medications they recommend you take.
3. Your provider can send the prescription(s) to your pharmacy or give you a paper prescription for you to take to your pharmacy.
4. You can pick up your OTC drugs at the pharmacy counter or have them delivered[2] if your pharmacy offers that service. You do not need to find the items on the store shelf yourself.
5. Call the pharmacy when you need a refill.

Neighborhood INTEGRITY members save money!

***ALL** the covered OTC drugs you need at **$0**, with a prescription from your provider.*

[1] No spending (coverage) limit for OTC drugs filled by provider prescription on covered drugs within a plan year.

[2] Some pharmacies charge for delivery. Check with your pharmacy for details.

Cobertura de Venta Libre de Neighborhood INTEGRITY

¡Los medicamentos de Venta Libre más comunes están disponibles para usted sin costo alguno![1]

Además de los medicamentos recetados, su proveedor puede indicarle que tome medicamentos que puede comprar en la farmacia, también conocidos como medicamentos de venta libre. Los medicamentos de venta libre pueden ayudarle a sentirse mejor y mantenerse saludable. Como miembro de Neighborhood INTEGRITY, puede obtener más de 300 medicamentos de venta libre comunes como parte de los beneficios de su plan.

Aunque estos medicamentos están disponibles sin receta, para obtenerlos sin costo, su proveedor deberá escribir una receta.

Obtenga sus medicamentos de venta libre sin costo de la siguiente manera:

1. Llamando o visitando a su proveedor y hablando sobre sus necesidades de medicamentos de venta libre.
2. Solicitarle a su proveedor una receta, con resurtidos si es necesario, para cada uno de los medicamentos que le recomiendan tomar.
3. Su proveedor puede enviar la(s) receta(s) a su farmacia o darle una receta en papel para que la lleve a su farmacia.
4. Puede recoger sus medicamentos de venta libre en el mostrador de la farmacia o pedir que se los envíen[2] si su farmacia ofrece ese servicio. No necesita encontrar los artículos en el estante de la farmacia usted mismo.
5. Llame a la farmacia cuando necesite un resurtido.

¡Los miembros de Neighborhood INTEGRITY ahorran dinero!

***TODOS** los medicamentos de venta libre cubiertos que necesite a **$0**, con una receta de su proveedor.*

[1] Sin límite de gasto (cobertura) para medicamentos de venta libre surtidos por receta del proveedor en medicamentos cubiertos dentro de un año del plan.

[2] Algunas farmacias cobran por la entrega. Consulte con su farmacia para obtener más detalles.
