

## Neighborhood's Response to the Supply Shortage of Generic Children/Infant Tylenol and Motrin

### Neighborhood News – January 2023

---

*Three respiratory viruses, influenza, the coronavirus, and RSV have been sweeping across the nation prompting a large demand for generic children/infant Tylenol and Motrin products.*

Neighborhood's Pharmacy team is committed to ensuring our members have adequate coverage of children /infant Tylenol and Motrin products in response to the national drug shortage for members who have prescriptions for these OTC products. Please continue to write prescriptions for these OTC products when medically necessary.
