
Meal Delivery Benefit for Neighborhood Commercial New Moms

February 1, 2023

Neighborhood Health Plan of Rhode Island (Neighborhood) continues to develop programs to bridge health equity gaps and support members in their health and well-being. Proper nutrition is especially important for postpartum women. Neighborhood recognizes this need and is pleased to offer a new benefit for our Commercial members.

Effective immediately, Neighborhood Commercial members with a recent hospital birth are eligible for a no-cost meal delivery program. Neighborhood has partnered with Mom's Meals®, a meal planning and delivery service, to offer new moms 28 dietitian-designed meals. After their inpatient delivery and stay, refrigerated meals will be delivered directly to the new mom, ready to heat, eat and enjoy.

Please share this great news and opportunity with your Neighborhood Commercial members/patients. Mom's Meals® will contact all eligible Neighborhood Commercial members directly to choose their meals and set up the program.

Thank you for all you do to support Neighborhood members throughout and beyond their pregnancy journey!

The above information was sent in a formal notification to all applicable Neighborhood contracted providers via USPS before/on February 1, 2023.
