

New Home Care Prior Authorization Forms Available

Neighborhood News – July 2025

Neighborhood Health Plan of Rhode Island (Neighborhood) is excited to announce the launch of our updated [**Home Care Prior Authorization forms**](#) effective immediately. These forms have been redesigned to streamline both the [electronic](#) and [paper](#) submission processes for home health providers, aimed at enhancing overall submission clarity. While both electronic and paper forms have been updated, using the e-form as the preferred method of submission is strongly encouraged. For detailed information on how to best utilize the new forms, please reference our [home care prior authorization form guide](#).

Enhanced Form Features

The redesigned form offers detailed guidance on the necessary supporting documentation for different lines of business, effectively reducing common submission errors and clarifying requirements directly on the forms. This process improvement is part of our ongoing effort to simplify provider interactions and enhance compliance across all our services.

For more information, please contact our Provider Services team at 1-800-963-1001.
