Introduction

This document is called the *List of Covered Drugs* (also known as the *Drug List*). It tells you which drugs and over-the-counter (OTC) drugs and non-drug products and items are covered by Neighborhood INTEGRITY for Duals. The *Drug List* also tells you if there are any special rules or restrictions on any drugs covered by our plan. Key terms and their definitions appear in the last chapter of the *Member Handbook*.

B. Frequently Asked Questions (FAQ)

Find answers here to questions you have about this *List of Covered Drugs (Drug List)*. You can read all of the FAQ to learn more, or look for a question and answer.

B1. What drugs are on the *List of Covered Drugs*? (We call the *List of Covered Drugs* the *Drug List* for short.)

The drugs on the *Drug List* that starts in **Section C1** are the drugs covered by Neighborhood INTEGRITY for Duals. The drugs are available at pharmacies within our network. A pharmacy is in our network if we have an agreement with them to work with us and provide you services. We refer to these pharmacies as “network pharmacies.”

- Neighborhood INTEGRITY for Duals will cover all medically necessary drugs on the *Drug List* if:
 - your doctor or other prescriber says you need them to get better or stay healthy,
 - our plan agrees that the drug is medically necessary for you, **and**
 - you fill the prescription at a Neighborhood INTEGRITY for Duals network pharmacy.
- In some cases, you have to do something before you can get a drug. Refer to question B4 for more information.

If we cover a drug only for some medical conditions, we clearly identify it on the *Drug List* along with the specific medical conditions that are covered.

You can also find an up-to-date list of drugs that we cover on our website at www.nhpri.org/INTEGRITYDuals or call Member Services at the numbers listed at the bottom of this page.

B2. Does the *Drug List* ever change?

Yes, and Neighborhood INTEGRITY for Duals must follow Medicare and Rhode Island Medicaid rules when making changes. We may add or remove drugs on the *Drug List* during the year.

We may also change our rules about drugs. For example, we could:

- Decide to require or not require prior authorization for a drug. (Prior authorization is permission from our plan before you can get a drug.)
- Add or change the amount of a drug you can get (called quantity limits).

If you have questions, please call Neighborhood INTEGRITY for Duals at 1-844-812-6896 (TTY 711), 8:00 a.m. to 8:00 p.m., seven days a week from October 1 through March 31. From April 1 through September 30, you can call us 8:00 a.m. to 8:00 p.m. Monday through Friday (you may leave a voicemail on Saturdays, Sundays, and Federal holidays). The call is free. **For more information**, visit www.nhpri.org/INTEGRITYDuals.

- Add or change step therapy restrictions on a drug. (Step therapy means you must try one drug before we'll cover another drug.)

For more information on these drug rules, refer to question B4.

If you're taking a drug that was covered at the **beginning** of the year, we'll generally not remove or change coverage of that drug **during the rest of the year** unless:

- a new, cheaper drug comes on the market that works as well as a drug on the *Drug List* now, **or**
- we learn that a drug isn't safe, **or**
- a drug is removed from the market.

Questions B3 and B6 below have more information on what happens when the *Drug List* changes.

- You can always check the Neighborhood INTEGRITY for Duals up-to-date *Drug List* online at www.nhpri.org/INTEGRITYDuals. Updates to the *Drug List* are posted on the website monthly.
- You can also call Member Services at the numbers listed at the bottom of this page to check the current *Drug List*.

B3. What happens when there's a change to the *Drug List*?

Some changes to the *Drug List* will happen **immediately**. For example:

- **Substitutions of certain new versions of drugs.** We may immediately remove the drugs from the *Drug List* if we replace them with certain new versions of that drug, but your cost for the new drug will appear on the same or lower cost-sharing tier with the same or fewer restrictions. When we add a new version of a drug, we may also decide to keep the brand name drug or original biological product on the list but change its coverage rules or limits.
 - We may not tell you before we make this change, but we'll send you information about the specific change we made once it happens.
 - We can make these changes only if the drug we're adding:
 - is a new generic version of a brand name drug, or

If you have questions, please call Neighborhood INTEGRITY for Duals at 1-844-812-6896 (TTY 711), 8:00 a.m. to 8:00 p.m., seven days a week from October 1 through March 31. From April 1 through September 30, you can call us 8:00 a.m. to 8:00 p.m. Monday through Friday (you may leave a voicemail on Saturdays, Sundays, and Federal holidays). The call is free. **For more information**, visit www.nhpri.org/INTEGRITYDuals.

- is a certain new biosimilar version of original biological products on the *Drug List* (for example, adding an interchangeable biosimilar that can be substituted for an original biological product without a new prescription).
- Some of these drug types may be new to you. For more information, refer to **Section B14**.
- You or your provider can ask for an exception from these changes. We'll send you a notice with the steps you can take to ask for an exception. Please refer to questions B10-B12 for more information on exceptions.
- **Remove unsafe drugs and other drugs that are taken off the market.** Sometimes a drug may be found unsafe or taken off the market for another reason. If this happens, we may immediately take it off the *Drug List*. If you're taking the drug, we'll send you a notice after we make the change. In this notice, we will give you advice on how to follow up with your provider and pharmacist.

We may make other changes that affect the drugs you take. We'll tell you in advance about these other changes to the *Drug List*. These changes might happen if:

- The FDA provides new guidance or there are new clinical guidelines about a drug.
- We remove a brand name drug from the *Drug List* when adding a generic drug that isn't new to the market, or
- we remove an original biological product when adding a biosimilar, or
- we change the coverage rules or limits for the brand name drug.

When these changes happen, we'll:

- tell you at least 30 days before we make the change to the *Drug List* **or**
- let you know and give you a 30-day supply of the drug after you ask for a refill.

This will give you time to talk to your doctor or other prescriber. They can help you decide:

- if there's a similar drug on the *Drug List* you can take instead **or**
- whether to ask for an exception from these changes. To learn more about exceptions, refer to questions B10-B12.

If you have questions, please call Neighborhood INTEGRITY for Duals at 1-844-812-6896 (TTY 711), 8:00 a.m. to 8:00 p.m., seven days a week from October 1 through March 31. From April 1 through September 30, you can call us 8:00 a.m. to 8:00 p.m. Monday through Friday (you may leave a voicemail on Saturdays, Sundays, and Federal holidays). The call is free. **For more information**, visit www.nhpri.org/INTEGRITYDuals.

B4. Are there any restrictions or limits on drug coverage or any required actions to take to get certain drugs?

Yes, some drugs have coverage rules or have limits on the amount you can get. In some cases you or your doctor or other prescriber must do something before you can get the drug. For example:

- **Prior authorization:** For some drugs, you or your doctor or other prescriber must get authorization from Neighborhood INTEGRITY for Duals before you fill your prescription. Prior authorization is different from a referral. Our plan may not cover the drug if you don't get prior authorization.
- **Quantity limits:** Sometimes Neighborhood INTEGRITY for Duals limits the amount of a drug you can get.
- **Step therapy:** Sometimes Neighborhood INTEGRITY for Duals requires you to do step therapy. This means you'll have to try drugs in a certain order for your medical condition. You might have to try one drug before we'll cover another drug. If your prescriber thinks the first drug doesn't work for you, then we'll cover the second.
- **Indication-based coverage:** If Neighborhood INTEGRITY for Duals covers a drug only for some medical conditions, we clearly identify it on the Drug List along with the specific medical conditions that are covered.

You can find out if your drug has any additional requirements or limits by looking in the tables in **Section C1**. You can also get more information by visiting our website at www.nhpri.org/INTEGRITYDuals. We have posted online documents that explain our prior authorization and step therapy restrictions. You may also ask us to send you a copy.

You can ask for an exception from these limits. This will give you time to talk to your doctor or other prescriber. They can help you decide if there's a similar drug on the *Drug List* you can take instead or whether to ask for an exception. Refer to questions B10-B12 for more information about exceptions.

B5. How will I know if the drug I want has limits or if there are required actions to take to get the drug?

The table in the section titled, "List of Drugs by Medical Condition" has a column labeled "Necessary actions, restrictions, or limits on use."

If you have questions, please call Neighborhood INTEGRITY for Duals at 1-844-812-6896 (TTY 711), 8:00 a.m. to 8:00 p.m., seven days a week from October 1 through March 31. From April 1 through September 30, you can call us 8:00 a.m. to 8:00 p.m. Monday through Friday (you may leave a voicemail on Saturdays, Sundays, and Federal holidays). The call is free. **For more information**, visit www.nhpri.org/INTEGRITYDuals.

B6. What happens if Neighborhood INTEGRITY for Duals changes their rules about how they cover some drugs (for example, prior authorization, quantity limits, and/or step therapy restrictions)?

In some cases, we'll tell you in advance if we add or change prior authorization, quantity limits, and/or step therapy restrictions on a drug. Refer to question B3 for more information about this advance notice and situations where we may not be able to tell you in advance when our rules about drugs on the *Drug List* change.

B7. How can I find a drug on the *Drug List*?

There are two ways to find a drug:

- you can search alphabetically, **or**
- you can search by medical condition.

To search **alphabetically**, look for your drug in the Index of Covered Drugs section. You can find it in section D. The Index of Covered Drugs is an alphabetical list of all of the drugs included in the *Drug List*. Brand name drugs and generic drugs as well as over-the-counter (OTC) drugs are listed in the index.

To search by medical condition, find **Section C1** labeled "List of Drugs by Medical Condition". The drugs in this section are grouped into categories depending on the type of medical conditions they're used to treat. For example, if you have a heart condition, you should look in the **Cardiovascular** category. That's where you'll find drugs that treat heart conditions.

B8. What if the drug I want to take isn't on the *Drug List*?

If you don't find your drug on the *Drug List*, call Member Services at the numbers listed at the bottom of this page and ask about it. If you learn that Neighborhood INTEGRITY for Duals won't cover the drug, you can do one of these things:

- Ask Member Services for a list of drugs like the one you want to take. Then show the list to your doctor or other prescriber. They can prescribe a drug on the *Drug List* that's like the one you want to take. **Or**
- Ask Neighborhood INTEGRITY for Duals to make an exception to cover your drug. Refer to questions B10-B12 for more information about exceptions.

If you have questions, please call Neighborhood INTEGRITY for Duals at 1-844-812-6896 (TTY 711), 8:00 a.m. to 8:00 p.m., seven days a week from October 1 through March 31. From April 1 through September 30, you can call us 8:00 a.m. to 8:00 p.m. Monday through Friday (you may leave a voicemail on Saturdays, Sundays, and Federal holidays). The call is free. **For more information**, visit www.nhpri.org/INTEGRITYDuals.

B9. What if I'm a new Neighborhood INTEGRITY for Duals member and can't find my drug on the *Drug List* or have a problem getting my drug?

We can help. We may cover a temporary 30-day supply of your drug during the first 90 days you're a member of our plan. This will give you time to talk to your doctor or other prescriber. They can help you decide if there's a similar drug on the *Drug List* you can take instead or whether to ask for an exception.

If your prescription is written for fewer days, we'll allow multiple refills to provide up to a maximum of 30 days of medication.

We'll cover a 30-day supply of your drug if:

- you're taking a drug that isn't on our *Drug List*, **or**
- our plan rules don't let you get the amount ordered by your prescriber, **or**
- the drug requires prior authorization by our plan, **or**
- you're taking a drug that's part of a step therapy restriction.

If you're taking a drug that our plan doesn't consider to be a Part D drug, you have the right to get a one-time, 72-hour supply of the drug.

If you're in a nursing home or other long-term care facility and need a drug that isn't on the *Drug List* or if you can't easily get the drug you need, we can help. If you've been in the plan for more than 90 days, live in a long-term care facility, and need a supply right away:

- We'll cover one 31-day supply of the drug you need (unless you've a prescription for fewer days), whether or not you're a new Neighborhood INTEGRITY for Duals member.
- This is in addition to the temporary supply during the first 90 days you're a member of our plan.

Level of Care transitions are allowed if you have left a long-term care facility within the past 30 days. We will cover a cumulative 30-day supply of the drug you need whether or not you are a new Neighborhood INTEGRITY for Duals member.

Level of Care transitions are also allowed if you have been admitted to a long-term care facility within the past 30 days. We will cover a cumulative 31-day supply of the drug you need (fill limits are applicable for certain brand name drugs), whether or not you are a new Neighborhood INTEGRITY for Duals member.

If you have questions, please call Neighborhood INTEGRITY for Duals at 1-844-812-6896 (TTY 711), 8:00 a.m. to 8:00 p.m., seven days a week from October 1 through March 31. From April 1 through September 30, you can call us 8:00 a.m. to 8:00 p.m. Monday through Friday (you may leave a voicemail on Saturdays, Sundays, and Federal holidays). The call is free. **For more information**, visit www.nhpri.org/INTEGRITYDuals.

B10. Can I ask for an exception to cover my drug?

Yes. You can ask Neighborhood INTEGRITY for Duals to make an exception to cover a drug that isn't on the *Drug List*.

You can also ask us to change the rules on your drug.

- For example, our plan may limit the amount of a drug we'll cover. If your drug has a limit, you can ask us to change the limit and cover more.
- Other examples: You can ask us to drop step therapy restrictions or prior authorization requirements.

B11. How can I ask for an exception?

To ask for an exception, call Member Services. A Member Services representative will work with you and your prescriber to help you ask for an exception. You can also read **Chapter 9 Section G** of the *Member Handbook* to learn more about exceptions.

B12. How long does it take to get an exception?

After we get a statement from your prescriber supporting your request for an exception, we'll give you a decision within 72 hours. Your prescriber should fax the statement to 1-855-829-2875.

If you or your prescriber think your health may be harmed if you have to wait 72 hours for a decision, you can ask for an expedited exception. This is a faster decision. If your prescriber supports your request, we'll give you a decision within 24 hours of getting your prescriber's supporting statement.

B13. What are generic drugs?

Generic drugs are made up of the same active ingredients as brand name drugs. They usually cost less than the brand name drug and generally work just as well. They usually don't have well-known names. Generic drugs are approved by the Food and Drug Administration (FDA). There are generic drugs available for many brand name drugs. Generic drugs usually can be substituted for brand name drugs at the pharmacy without a new prescription—depending on state laws.

Neighborhood INTEGRITY for Duals covers both brand name drugs and generic drugs.

B14. What are original biological products and how are they related to biosimilars?

When we refer to drugs, this could mean a drug or a biological product. Biological products are drugs that are more complex than typical drugs. Since biological products are more complex than typical drugs, instead of having a generic form, they have forms that are called biosimilars. Generally, biosimilars work just as well as the original biological product and may

If you have questions, please call Neighborhood INTEGRITY for Duals at 1-844-812-6896 (TTY 711), 8:00 a.m. to 8:00 p.m., seven days a week from October 1 through March 31. From April 1 through September 30, you can call us 8:00 a.m. to 8:00 p.m. Monday through Friday (you may leave a voicemail on Saturdays, Sundays, and Federal holidays). The call is free. **For more information**, visit www.nhpri.org/INTEGRITYDuals.

cost less. There are biosimilar alternatives for some original biological products. Some biosimilars are interchangeable biosimilars and, depending on state laws, may be substituted for the original biological product at the pharmacy without needing a new prescription, just like generic drugs can be substituted for brand name drugs.

For more information on drug types, refer to **Chapter 5** of the *Member Handbook*.

B15. What are OTC drugs?

OTC stands for “over-the-counter”. Neighborhood INTEGRITY for Duals covers some OTC drugs when they’re written as prescriptions by your provider.

You can read the Neighborhood INTEGRITY for Duals *Drug List* to find out what OTC drugs are covered at the pharmacy with a prescription from your provider.

You can also get some OTC drugs as part of your supplemental benefits without a prescription from your provider. Please refer to Chapter 4 of the Member Handbook on how to use this supplemental OTC benefit.

B16. Does Neighborhood INTEGRITY for Duals cover non-drug OTC products?

Our plan covers some non-drug OTC products when they’re written as prescriptions by your provider. Examples of non-drug OTC products include certain urine or blood testing supplies, certain flavoring agents or dyes that can be added to liquid medications, and certain cream bases used for compounding.

You can read the Neighborhood INTEGRITY for Duals *Drug List* to find out what non-drug OTC products are covered at the pharmacy with a prescription from your provider.

You can also get some non-drug OTC products as part of your supplemental benefits without a prescription from your provider. Please refer to **Chapter 4** of the Member Handbook on how to use this supplemental OTC benefit.

B17. Does Neighborhood INTEGRITY for Duals cover long-term supplies of prescriptions?

- **Mail-Order Programs.** We offer a mail-order program that allows you to get up to a 90-day supply of your drugs sent directly to your home. A 90-day supply has the same copay as a one-month supply.
- **90-Day Retail Pharmacy Programs.** Some retail pharmacies may also offer up to a 90-day supply of covered drugs. A 90-day supply has the same copay as a one-month supply.

If you have questions, please call Neighborhood INTEGRITY for Duals at 1-844-812-6896 (TTY 711), 8:00 a.m. to 8:00 p.m., seven days a week from October 1 through March 31. From April 1 through September 30, you can call us 8:00 a.m. to 8:00 p.m. Monday through Friday (you may leave a voicemail on Saturdays, Sundays, and Federal holidays). The call is free. **For more information**, visit www.nhpri.org/INTEGRITYDuals.

- Medications on Tier 5 on the *Drug List* can only be filled for a maximum 30-day supply at a time.

B18. Can I get prescriptions delivered to my home from my local pharmacy?

Some local pharmacies may be able to deliver your prescription to your home. You can call your pharmacy to find out if they offer home delivery.

B19. What's my copay?

Neighborhood INTEGRITY for Duals members may have copays for prescription drugs in tiers 3 through 5 as long as the member follows the plan's rules. Refer to questions B15 and B16 for more information about OTC drugs and non-drug products.

Tiers are groups of drugs on our *Drug List*.

- Tier 1 Preferred generic drugs have a \$0 copay. This tier also includes non-Medicare drugs, OTC drugs and non-drug OTC products that Rhode Island Medicaid covers.
- Tier 2 Generic drugs have a \$0 copay.
- Tier 3 Preferred brand drugs have a \$0, \$1.60/\$5.10 or \$4.90/\$12.65 copay, depending on the level of **Extra Help** you get and whether the drug is generic or brand.
- Tier 4 Non-preferred drugs have a \$0, \$1.60/\$5.10 or \$4.90/\$12.65 copay, depending on the level of **Extra Help** you get and whether the drug is generic or brand.
- Tier 5 Specialty drugs have a \$0, \$1.60/\$5.10 or \$4.90/\$12.65 copay, depending on the level of **Extra Help** you get and whether the drug is generic or brand. These medications can only be filled for a maximum 30-day supply at a time.

Extra Help is a Medicare program that helps people with limited incomes and resources reduce Medicare Part D prescription drug costs, such as premiums, deductibles, and copays. **Extra Help** is also called the "Low-Income Subsidy," or "LIS."

If you have questions, call Member Services at the numbers listed at the bottom of this page.

If you have questions, please call Neighborhood INTEGRITY for Duals at 1-844-812-6896 (TTY 711), 8:00 a.m. to 8:00 p.m., seven days a week from October 1 through March 31. From April 1 through September 30, you can call us 8:00 a.m. to 8:00 p.m. Monday through Friday (you may leave a voicemail on Saturdays, Sundays, and Federal holidays). The call is free. **For more information**, visit www.nhpri.org/INTEGRITYDuals.

C. Overview of the *List of Covered Drugs*

The *List of Covered Drugs* gives you information about the drugs covered by Neighborhood INTEGRITY for Duals. If you have trouble finding your drug in the list, turn to the Index of Covered Drugs that begins in **Section D**. The index alphabetically lists all drugs covered by our plan.

Note: The **DP** symbol next to a drug means the drug isn't a "Part D drug." These drugs have different rules for appeals.

- An appeal is a formal way of asking us to review a decision we made about your coverage and to change it if you think we made a mistake.
- For example, we might decide that a drug that you want isn't covered or is no longer covered by Medicare or Rhode Island Medicaid.
- If you or your prescriber disagrees with our decision, you can appeal. If you ever have a question, call Member Services at the numbers listed at the bottom of this page.
- You can also read **Chapter 9** of the *Member Handbook* to learn how to appeal a decision.

C1. List of Drugs by Medical Condition

The drugs in this section are grouped into categories depending on the type of medical conditions they're used to treat. For example, if you have a heart condition, you should look in the category, **Cardiovascular**. That's where you'll find drugs that treat heart conditions.

Here are the meanings of the codes used in the "Necessary actions, restrictions, or limits on use" column:

PA = Prior Authorization: you must have approval from our plan before you can get this drug.

ST = Step Therapy: you must try another drug before you can get this one.

QL = Quantity Limit: Neighborhood INTEGRITY for Duals limits the amount of this drug you can get.

DP = This drug is not a Part D drug.

B/D= This drug may be covered either by Medicare Part B or D. Depending upon the circumstances, a prior authorization may be required. Information may need to be submitted describing why and where (in what setting) you are using this drug.

If you have questions, please call Neighborhood INTEGRITY for Duals at 1-844-812-6896 (TTY 711), 8:00 a.m. to 8:00 p.m., seven days a week from October 1 through March 31. From April 1 through September 30, you can call us 8:00 a.m. to 8:00 p.m. Monday through Friday (you may leave a voicemail on Saturdays, Sundays, and Federal holidays). The call is free. **For more information**, visit www.nhpri.org/INTEGRITYDuals.

The first column of the table lists the name of the drug. Generic drugs are listed in lower-case italics (for example, *levothyroxine*), brand name drugs are capitalized (for example, SYNTHROID), and OTC drugs and non-drug products are listed in lower case (for example, acetaminophen). The information in the “Necessary actions, restrictions, or limits on use” column tells you if Neighborhood INTEGRITY for Duals has any rules for covering your drug.

If you have questions, please call Neighborhood INTEGRITY for Duals at 1-844-812-6896 (TTY 711), 8:00 a.m. to 8:00 p.m., seven days a week from October 1 through March 31. From April 1 through September 30, you can call us 8:00 a.m. to 8:00 p.m. Monday through Friday (you may leave a voicemail on Saturdays, Sundays, and Federal holidays). The call is free. **For more information**, visit www.nhpri.org/INTEGRITYDuals.

Notice of Non-Discrimination

Neighborhood Health Plan of Rhode Island (Neighborhood) does not discriminate or treat people differently because of race, color, national origin (including people who do not speak English as their primary language), age, disability, religion, or sex (such as sexual orientation, sexual stereotypes, gender identity, pregnancy or related conditions).

We're here for you!

Neighborhood offers FREE assistance such as:

- » aids and services for people with disabilities
- » qualified interpreters, translation services, and sign language interpreters
- » written information in large print, braille, electronic and audio format

If you need any of these services, call the Member Services phone number on the back of your Neighborhood ID card. If you are not a Neighborhood member, please call us at 1-800-963-1001 (TTY 711).

Discrimination Complaints

If you feel like Neighborhood has failed to provide these services or has discriminated based on race, color, national origin, age, disability, or sex, you can file a complaint, also known as a grievance. You can file a grievance in person, by phone, mail, fax or email. Need help? Call your Neighborhood Civil Rights Coordinator at the phone number below.
