Neighborhood Health Plan OF RHODE ISLAND™

Home Health Agency Services Payment Policy

Policy Overview

A Home Health Agency (HHA) is a public or private organization that delivers skilled nursing and other therapeutic services to a patient at home. Home Health/Home Care Services means those services provided under a home care plan authorized by a physician or non-physician practitioner (NPP).

Scope

This policy applies to:

☒**Medicaid** *excluding Extended Family Planning (EFP)*

☒**Commercial**

☒**Dual CONNECT (Coordination only D-SNP)**

☒**INTEGRITY for Duals (Fully Integrated D-SNP)**

Prerequisites

It is the provider's responsibility to verify eligibility, coverage, and authorization criteria prior to rendering services.

For more information, please refer to:

- Neighborhood's plan specific Prior Authorization Reference page.
- Neighborhood's Home Health Care Services - Skilled & Non-Skilled Clinical Medical Policy for detailed information regarding covered services, benefit limitations, exclusions, etc.

Please contact Provider Services at 1-800-963-1001 for questions related to this policy.

Coverage Guidelines

Pursuant to Subsection (l) of Section 1903 of the Social Security Act (SSA) (42 U.S.C. 1396b), all states must implement Electronic Visit Verification (EVV) for Medicaid-funded personal care services (PCS) and home health care services (HHCS) by January 2023. As a contracted managed care organization (MCO) with the State of Rhode Island Executive Office of Health & Human Services (EOHHS), Neighborhood Health Plan of Rhode Island requires providers to use of an EVV system for personal care services (PCS) and home health care services (HHCS) that require an in-home visit. Phase I implementation included PCS and Phase II will include HHCS services as defined in the coding table.

Home Health Care services are provided under a written home care plan authorized by a health care professional[i], including full-time, part-time, or intermittent skilled and non-skilled services, delivered by a Home Health Agency. [ii]

Coverage is provided for services performed within the scope of state licensure, as defined by the Rhode Island Department of Health, within the member's home setting. A home setting is any place where the member has established his/her place of residence for the time period when home care services are being provided. This may include his/her own dwelling, an apartment, the home of a friend or family member, a group home, a homeless shelter or other temporary place of residency or a community setting. Hospitals, skilled nursing facilities intermediate care facility for the developmentally disabled, or any other institutional facility providing medical, nursing, rehabilitative, or related care, will not be considered "home setting." A day care setting, adult day care, or adult medical care does not meet the definition of a home setting.

Covered services include:

- **Skilled Nursing Services**
- **Private Duty Nursing (PDN) Services**[iii]
- **Skilled Therapy Services**
- **Non-Skilled Services**

For a more detailed description outlining these services, please refer to the Home Health Care Services - Skilled & Non-Skilled Clinical Medical Policy

Benefit Limitations and Exclusions

All Lines of Business

- A physician's order is required for skilled services for all lines of business.
- Private Duty Nursing and non-skilled services may be delivered by a home health agency that is not Medicare certified.
- Home Health services are not covered if provided in a hospital, nursing facility, intermediate care facility for the developmentally disabled, adult day center, or any other institutional facility providing medical, nursing, rehabilitative, or related care
- Home Health services are not covered solely to allow the caregiver to work or attend school. Lack of an available caregiver does not mean that an otherwise non-skilled service becomes a skilled service.
- PDN or Personal Care Services identified in a child's Individual Education Plan (IEP) as a necessary service for the child to receive a Free and Appropriate Education (FAPE) will be covered by the Local Education Agency (LEA)/school district, not by NHPRI.
- The cost of home health services must not exceed the cost of care in an institutional setting.
- Beneficiaries are not required to be homebound.
- It is considered duplication or overlap of services for a member to receive:
    1. Private duty nursing services and home health aide services, and/or *
    2. Private duty nursing services and home infusion nursing oversight services *

*When there is duplication or overlap of services, the lowest level of care needed to safely meet the member's needs may be covered.

- The following items are excluded from coverage under the Home Care Services Benefit:
    1. Drugs and Biologicals;
    2. Services covered under End-Stage Renal Disease program;
    3. Prosthetic Devices;
    4. Respiratory Care Services;
    5. Dietary and Nutritional Personnel, when not incidental to services required by the care plan.

Medicaid and INTEGRITY for Duals:

- Home care services which include procedure codes T1001, S5125, S5130, and associated modifiers should be delivered and billed as one-on-one care only. This does not preclude the same provider from delivering services to two people in the same household.[1]
- Per EOHHS, staff must be assigned by the home care and/or home health provider based on staff availability and ability to serve each individual member receiving services from the provider.
    - The provider may not assign direct care staff to provide services to a member with whom the direct care staff resides.
    - The provider may not assign direct care staff to provide services to a member to whom the direct care staff has a family relationship[2].
    - The provider may not assign direct care staff to provide services to a member for whom the direct care staff:
        1. Has any type of guardianship;
        2. Has any type of power of attorney;
        3. Is the authorized representative designated on the individual member's application for Medicaid benefits.

Please refer to **210-RICR-20-05-1** for an outline of requirements and limitations pertaining to home care and home health provider agency participation in and payment by the Rhode Island Medicaid program.

[2] "Family relationship" means the following relationships:
a. Parent-child (including stepparent/stepchild) regardless of whether the member is the parent or child of the direct care staff and regardless of the age of the child;
b. Grandparent-grandchild (including step-grandparent/step-grandchild) regardless of whether the member is the grandparent or grandchild of the direct care staff and regardless of the age of the grandchild;
c. Sibling (including step-sibling); and
d. Spouse.

Medicaid

- Homemaking services are only covered when the member also needs personal care services. Homemaking and Personal Care services are covered for up to 6hrs per week for individuals or 10hrs per week for couples who do not meet Long Term Services and Supports (LTSS) eligibility criteria.
  - If a Medicaid-only adult member is going to need non-skilled services on a long-term basis, then the member should be referred to DHS to apply for a LTSS waiver before submitting for authorization of these hours.
- Respite and Relief Care are non-covered for adult members (22 and older).
- An approved LTSS-HCBS waiver is required for adult members to receive PDN services.

INTEGRITY for Duals

- Services provided under a home care plan authorized by a health care professional, including full-time, part time, or intermittent skilled nursing care, physical therapy, occupational therapy, speech–language pathology, medical social services, DME and medical supplies for use at home, and all other services must be provided by a Medicare certified home health agency[iv].
- Homemaking and Personal Care services are covered for up to 6hrs per week for individuals or 10hrs per week for couples who do not meet LTSS eligibility criteria.
  - Members who are identified as high risk or whose comprehensive assessment indicate a need for LTSS should be referred to EOHHS to apply for an LTSS waiver.
- An approved LTSS-HCBS waiver is required for adult members to receive PDN services.
- Non-skilled services do not require a physician's order.

Commercial

- Personal care is only covered if required within a skilled plan of care
- Homemaker services are non-covered.
- Combination services are non-covered.

Member Responsibility

Commercial plans include cost-sharing provisions for coinsurance, copays, and deductibles. Members may have out of pocket expenses based on individual plan selection and utilization. Please review cost-sharing obligations or contact Member Services prior to finalizing member charges.

For Neighborhood **CONNECT** (Coordination only D-SNP plan), providers must submit claims to Neighborhood and any remaining copays/coinsurance amounts and Medicaid covered benefits to EOHHS for reimbursement.

INTEGRITY for Duals members may have a monthly patient share provision, as determined by the Rhode Island Executive Office of Health and Human Services (RI EOHHS).

Patient share will be applied and is deducted from the benefit allowed amount at the time of payment adjudication. Providers should submit the claim with total billed charges, including patient share.

Claim Submission

Billable services are subject to contractual agreements, when applicable. Providers are required to submit complete claims for payment within contractually determined timely filing guidelines.

Coding must meet standards defined by the American Medical Association's Current Procedural Terminology Editorial Panel's (CPT®) codebook, the International Statistical Classification of Diseases and Related Health Problems, 10th revision, Clinical Modification (ICD-10-CM), and the Healthcare Common Procedure Coding System (HCPCS) Level II.

Date span billing may be used for non-skilled services, subject to the following:

- Dates of service are limited to one week (7 days) per claim line;
- Services were provided consecutively on each date within the span;
- Any break in service within a date span (i.e., services were provided on Monday, Tuesday, and Wednesday, then on Friday and Saturday) must be indicated on a new claim line; Multiple shifts on the same day must be billed on the same claim line with a cumulative of all hours for that date of service;
- Dates of service must be within the same month.

Date span billing is prohibited for combination services, when used with shift differential modifiers, unless the modifier applies to each date of service in the date span.

Time-based codes must be billed for the date of service on which they are rendered, not the date of service on which a scheduled shift begins.

Skilled Services

INTEGRITY for Duals & Dual CONNECT

- Neighborhood follows CMS Home Health Prospective Payment System (HHPPS) requirements as outlined in the Medicare Claims Processing Manual Chapter 10 for Home Health Agency Billing. Examples include:
  - 837 Institutional file format (UB-04);
  - Type of bill 329;
  - Appropriate Site of Service code;
  - Appropriate Health Insurance Prospective Payment System (HIPPS) code;
  - Occurrence code, etc.

Medicaid & Commercial (see coding grid below)

- Claims must be billed using the 837 Professional file format (CMS-1500).

- CO/CQ modifiers are required when a service is provided by an occupational therapy assistant or a physical therapy assistant. Please refer to the Physical and Occupational Therapy Services Payment Policy for further information.

Non-Skilled Services

All Lines of Business (see coding grid below)

- Claims must be billed using the 837 Professional file format (CMS-1500).

Documentation Requirements

Neighborhood reserves the right to request medical records for any service billed. Documentation in the medical record must support the service(s) billed as well as the medical necessity of the service(s). Neighborhood follows CMS standards for proper documentation requirements.

To qualify for reimbursement, all records must be kept in accordance with Rhode Island state and federal regulations.

A medical record must be created for each member receiving Home Health/Home Care Services, and contain **no less** than the following:

- Patient identification (name, address, birth date, gender, date of admission or readmission);
- Source of Patient Referral;
- Name of Physician (including address and telephone number);
- Plan of Care
- Personal Care objectives;
- Homemaker objectives (where applicable);
- Medical diagnosis and nursing assessment, therapeutic goals, prognosis and all conditions relevant to the plan of care, including any known allergies and reactions, surgical procedures, surgical complications, infections, prior diagnoses, presence of pressure ulcers, incontinence, disabilities;
- Drug, dietary, treatment, and activity orders;
- Signed and dated clinical and progress notes;
- Signed and dated record of service refusal;
- Copies of summary reports sent to the attending physician;
- Changes in and reviews of the patient's plan of care, signed by responsible professional;
- Documentation of an advance directive (if any) and a copy of the advance directive, if provided to the facility by the patient; and
- Discharge Summaries.
